Lesson Notes

Directions for using this Smartboard Jeopardy template.

Double click on the Category names to edit and change.

Edit each of the Question pages with the Question and Answer. You must move the purple reveal box to enter the correct response, then move the reveal box over the answer until it is covered. After all questions are entered Save As ... and give it another name. This helps preserve the template.

The blank purple button in the center of the Jeopardy board is an infinite Cloner and is used to place over the question button when you return to the Jeopardy Board. This shows that this button has been chosen and can not be chosen again.

The white cells are for the score keeper to keep score of the teams. Drag the numbers to the cell to change score. Drag the white rectangle to the cell to delete score.
